dōTERRA

When you choose dōTERRA, you are choosing essential oils gently and carefully distilled from plants that have been patiently harvested at the perfect moment by experienced growers from around the world for ideal extract composition and efficiency.

EMINENCE

The Eminence tradition began in Hungary more than 50 years ago in a small village where family knowledge of using medical herbs, fruits and plants in natural remedies spanned generations. Today the precious ingredients are still hand-picked and mixed in small batches.
